b. Approve 28E Agreement Revisions and Resolution					
Staff Lead: Karen Kurt	Attachments: Current and Proposed 28E Agreements				
Sample Motion: "I move to appro	ve the 28E Agreement Revisions and Resolution."				

#### **Description:**

The 28E Agreement between six counties which formed ECICOG also serves as our organization's bylaws. The Agreement was last reviewed and modified in 1991. Board members Derek Lumsden, Darrin Gage and Kathleen Van Steenhuyse volunteered to serve on a committee with the Executive Director to review the Agreement for potential changes.

A copy of their proposed changes, as well as a copy of the current 28E Agreement, are attached. The changes are generally intended to reflect current board practices, rather than proposing significant alterations.

Modifications include, but are not limited to:

- Adding sections of the Iowa Code with respect to the purpose of the organization and clarifying ECICOG's ability to acquire and own property,
- Clarifying that "elected official" with respect to membership only applies to county and city government and allowing staff who report to an elected official to serve as citizen representatives,
- Encouraging counties to consider diversity when making appointments,
- Allowing for emergency meetings and virtual meeting attendance,
- Outlining the nominating committee process,
- Increasing the size of the Executive Committee to six people so that all counties and the chair of the Transit Committee are included,
- Clarifying succession procedures should the Chair resign,
- Modifying the definition of quorum to be a majority of the currently filled seats,
- Adding sections of the Iowa Code with respect to council duties,
- Clarifying that the Executive Director is responsible for hiring and removing staff, and
- Clarifying that ECICOG may, at times, perform work outside of the region.

Per the existing 28E Agreement, the proposed changes were distributed to the Board in June for potential adoption at the August meeting. The proposed 28E Agreement needs to be approved by 2/3 of the members of the Board.

#### 5. Possible Application for SS4A Funding

c. Consider authorizing executive committee to act on a possible SS4A application.

Staff Lead: Mary Rump Attachments: None

Sample Motion: "I move to authorize the executive committee to take action on a possible multiregional application for Safe Streets for All funding to complete a Safety Action Plan ."

#### **Description:**

The Infrastructure Investment and Jobs Act (IIJA) includes a number of new funding programs, including Safe Streets for All (SS4A). SS4A program funds regional, local, and Tribal initiatives through grants to prevent roadway deaths and serious injuries. Two types of grants are available under the SS4A program. The first is an Implementation Grant, which funds infrastructure, behavioral, and operational safety activities. To be eligible for an Implementation Grant award, projects must be identified in a Safety Action Plan. The second program is an Action Plan Grant to identify safety problems and implementation activities to address these problems. The Iowa State Association of Counties (ISAC) is coordinating an application for an Action Plan Grant on behalf of all 99 secondary roads departments, but this plan will only address rural roads in Iowa. ECICOG is discussing a possible Action Plan Grant with Region 6 (Marshalltown area) and Upper Explorerland Regional Planning Commission (Decorah area) to complete a plan that addresses road safety issues within cities. The first round of SS4A applications is due September 15, 2022.

Details of a possible multi-regional application aren't known at this time, including the scope of the plan, the cost, and the local match required. The joint team is meeting with consultants and reviewing safety data to finalize details. Given the uncertainties of the application at this time and the fast approaching deadline for applications, staff is requesting a that the board authorize the executive committee to meet, if necessary, to approve the application.

**Financial Impact:** The SS4A program has a 20% local match requirement. The total cost of the application and associated local match aren't known at this time.

#### **Executive Director's Report – August 2022**

<u>Envision East Central Iowa</u> The Envision East Central Iowa Website has been launched and there was a nice write up about the plan in the Cedar Rapids Gazette:

https://www.thegazette.com/business/ecicogs-envision-east-central-iowa-plan-shows-big-appetite-for-change/ ECICOG hasn't received any public comments about the report drafts. Envision East Central Iowa is due to EDA in September. The Envision Strategy Committee met in August and will continue to meet on a quarterly basis.

Staffing Updates Jessica Johnson has accepted the position of Community Development Specialist with the Community and Economic Development team. About half of her time will be spent serving as a community coach as part of the Hometown Pride program for the communities of Hills, Shellsburg, Springville, Center Point and Walker. The other half with be spent supporting the 5210 grant, Envision East Central Iowa and other team initiatives. Jessica previously held positions with VenuWorks, Iowa Cultural Corridor Alliance and the Cedar Rapids Convention Visitors Bureau. As of writing, we are close to extending an offer for the position of Planner I-Housing Specialist and will likely have an announcement at the board meeting. We will be monitoring staffing closely, as we see a lot of potential contracts on the horizon that could require additional staff support.

<u>Financial and Department Reports</u> You will notice a difference in a our financial and department reports starting this month. We will no longer be doing a month by month cash flow projection now that the organization has an adequate financial cushion (we will continue to do a cash flow summary for each month). Instead, we will be summarizing our budgeted revenue for the fiscal year as well as current contracted revenue sources in each department report. You will note that most of our departments have already contracted for the necessary revenue to cover the fiscal year. This means that we have limited capacity to take on new work without additional staff.

<u>Nuisance Enforcement</u> ECICOG staff identified assistance with nuisance enforcement as a need in our smaller communities. Housing Specialist Mark Culver began ECICOG's first nuisance enforcement contract with Central City in 2020. Recently we have had five new communities contract for the service: Springville, Oxford Junction, Wyoming, Onslow and Van Horne. We are aware of two additional cities in Benton County that are considering the service as well. It is exciting to see this service take hold as we can see the difference our involvement has made in terms of community appearance after only a few months of active enforcement from a "neutral" party.

Broadband Maps The State Office of the Information Officer has released a new broadband map, which outlines the level of service provided throughout the State into categories. The first category is sufficient service, which is 100 megabits download and 20 megabits upload. This is up from 25 and 3 respectively from the old standard because of the emergence of remote work and videoconferencing. Areas not receiving sufficient service are eligible for broadband grants. Internet Service Providers have worked with the State to prepare the map and assess the service to the household level. There is a 30-day challenge window that will be open through the end of the month. It is important that as many people

as possible, especially in low-income and rural areas, submit a challenge form if they have issues with Internet connectivity because it will direct future investments in information infrastructure.

We have reached out to cities, counties, economic development agencies, and school districts throughout our region with information about this process. We have also used our channels to get the message out to the public. If you are able, please push this information through your networks. Planning Fellow Harrison Freund at <a href="mailto:harrison.freund@ecicog.org">harrison.freund@ecicog.org</a> can assist individuals with accessing and completing the form. He can also help with sample communication/social media materials. It appears that they may allow communities a slightly longer window to challenge. We will keep you posted as we learn more.

<u>State Auditor Inquiry</u> All of the Councils of Governments in Iowa have received a request for information from the State Auditor requesting salary information and a listing of open contracts. We believe this action is in response to the charges filed against the former SICOG Director. We will be responding promptly.

<u>Website</u> Our new website has launched! We still have a lot of work to do to update our success stories but the new site is engaging and will hopefully encourage visitors to linger longer. The remaining portion of our contract with MonkeyThis is for some regional photography that we can use on both the website and ECICOG reports.

<u>Webinars</u> ECICOG hosted a webinar on Homes for Iowa in August. It was a great discussion and we encourage you to review and/or share the video recording which can be found on our website. On September 22 at 10:30, we will hold a webinar on Innovation Labs. Jordan DeGree from the Rural Ideas Network and Board Member Derek Lumsden will serve as panelists. The Innovation Lab model repurposes under-utilized downtown buildings into co-working spaces where entrepreneurs can also receive virtual business coaching services. ECICOG wrote an EDA grant that is helping to spread this model throughout rural Iowa.

<u>INRCOG Support</u> On Thursday and Friday of this week I assisted with the interview process for the new Executive Director for INRCOG, our peer organization based in Waterloo. The retiring director, Kevin Blanshan, was part of the selection process when I was hired three years ago.
